Silver Creek Country Club
Thurs. Sept. 13 - 1 p.m.**

Proceeds support The Rotary Foundation and Rotaplast.

*Information and ticket forms
can be found on the district
website: rotarydistrict7430.org.*

Pointers for Personal Safety

June 15 – Sergeant Ed Bachert of the Allentown Police department gave an interesting talk about Personal Safety. We were immediately caught up in the topic when three of our own Rotarians – Amy Meleck, Ibi Blalog, and Al Bova – described their own experiences with burglars. Two of the incidents occurred in their homes; a third occurred when Al and his wife were walking.

Sergeant Bachert explained we can prevent problems at home, in the car, and while walking. Simple home safeguards include:

- Keep doors and windows locked.
- Put motion sensors on outdoor lights.
- Put a peephole in the front door.
- Put the blinds down at night and keep some lights on.
- Don't let strangers in your home without checking ID.
- Dogs are a good deterrent.
- Change the locks, use deadbolts, and limit the number of keys you give to friends.

When you are on vacation, be sure to:

- Cancel newspapers and mail.
- Inform family and neighbors.
- Put lights on timers.
- Notify the police department.
- Pull the emergency cord to disable the garage door.

Sergeant Bachert also discussed safeguards for using your vehicle:

- Keep doors locked when you are in the car.
- Keep room between your car and the car in front of you. Make eye contact with pedestrians when you are stopped at a corner.
- Don't leave valuables or packages in plain view in the car.
- Don't leave your vehicle running.
- Keep items needed in your car in case it breaks down.
- In parking lots, have your keys ready in your hand before you leave the building.
- If someone follows you, drive to a police or fire station.

From the President

One of the four Objects of Rotary is the development of acquaintance as an opportunity for service. The optimal way to achieve the objective of developing acquaintance is by attending Rotary meetings. Regular attendance at club functions is one of the conditions of maintaining membership in Rotary. For the month of June

***The optimal way to
 “develop acquaintance”
 is by attending
 Rotary meetings.***

2007 our club members’ attendance was 59.7%.

In addition to our weekly lunch meetings, service projects, fellowship events and committee meetings provide attendance credits within our club. Visiting other clubs is a great way to broaden one’s circle of acquaintances and earn attendance credit.

If a temporary or prolonged condition prevents regular attendance, members should contact either me or Don DeLorenzo, club secretary, to

Strumming a Happy Tune!

July 13 – The club enjoyed a presentation on the history and current status of the C. F. Martin Guitar Company, a Lehigh Valley landmark since 1839. Mr. Scott Follweiler, director of sales and marketing, was our guest.

Mr. Follweiler traced the origins of the company that spans six generations. Founded by C. F. Martin, Sr. in Germany in the early 1800's, Martin moved his family and business to America in 1833. First settling in New York City, Martin soon found the atmosphere of the city too confining. In 1839 he moved to the Nazareth area, settling in Cherry Hill. In 1859, Martin moved again into the borough of Nazareth where the company still has its operations.

“Not Many But Much” is the company motto. For generations, the Martin guitar

company has made guitars like artisans, handcrafting each instrument from solid wood and often embellishing them with pearling. Today Martin produces over 80,000 instruments annually.

Mr. Follweiler showed the Rotary audience one instrument that retails for \$110,000. He said they produce a number of collector's edition style guitars such as this. However, the company today produces 120 different models of guitars.

Mr. Follweiler invited the audience to attend the company's factory tour and to visit the new Martin museum to learn more about the history of their world famous guitar. For more information please check out www.martinguitar.com.

From the President

(Continued from page two.)

request a leave of absence. We want to ensure that our members remain in good standing, but if we receive no communication about a hardship, we cannot develop an accommodation.

The upcoming programs and the committee events over the year ahead provide ample opportunity to

maintain good attendance records. I always found it fun and enjoyable to participate in projects with fellow Rotarians, and hope you will too. Please make sure to advise Don of any attendance credits other than the weekly meetings. Committee and project leaders need to submit the names of participating members to ensure all credits are accounted for. I look forward to seeing you throughout the year.

Congratulations to Members who achieved Six Months Perfect Attendance Jan. - June 2007

Personal Safety

(Continued from page one.)

If all else fails, drive to Dunkin Donuts; you can always find a cop there!

Finally, Sergeant Bachert gave some tips for how not to be a victim while walking:

- Use assertive body language; look around while walking.
 - Don't go out alone in unfamiliar areas.
 - Walk on busy streets, not baack alleys.
 - Don't stop to talk to strangers.
 - Take elevators rather than the stairs.
 - In elevators, stand near the control panel.
- Get off the elevator if another occupant makes you nervous.

~ Suzanne Goodell
